Q.1

The different types of unemployment are

1) Disguised Unemployment -

this happens in small agricultural farms where whole family is working on the farm but that many members are not required.

2) Seasonal unemployment -

when workers can find work only in a specific season. like agricultural workers find work during sowing, harvesting.

3) Educated unemployment -

many people have degree, are graduated, etc but do not find jobs.

4) Underemployment -

08 refers to an employment where the worker has education, & experience beyond the requirements of the job.
